*If I take the wings of the morning and dwell in the uttermost parts of
the sea,
even there your hand shall lead me and your right hand shall hold
me. Ps. 139:9-10*

*What a crazy year of travel it has been, and I (Dan) am thrilled to finally be home for the rest of the year. Pastor Hector and I had an amazing time in Texas, traveling for Gospel Outreach (the organization sponsoring our current visa). We met some incredible people and experienced some truly wild things. One of those was the 72 oz. steak challenge at the Big Texan Restaurant. While it's a feat that quite a few people have accomplished, we decided it wasn't something we needed to attempt.*

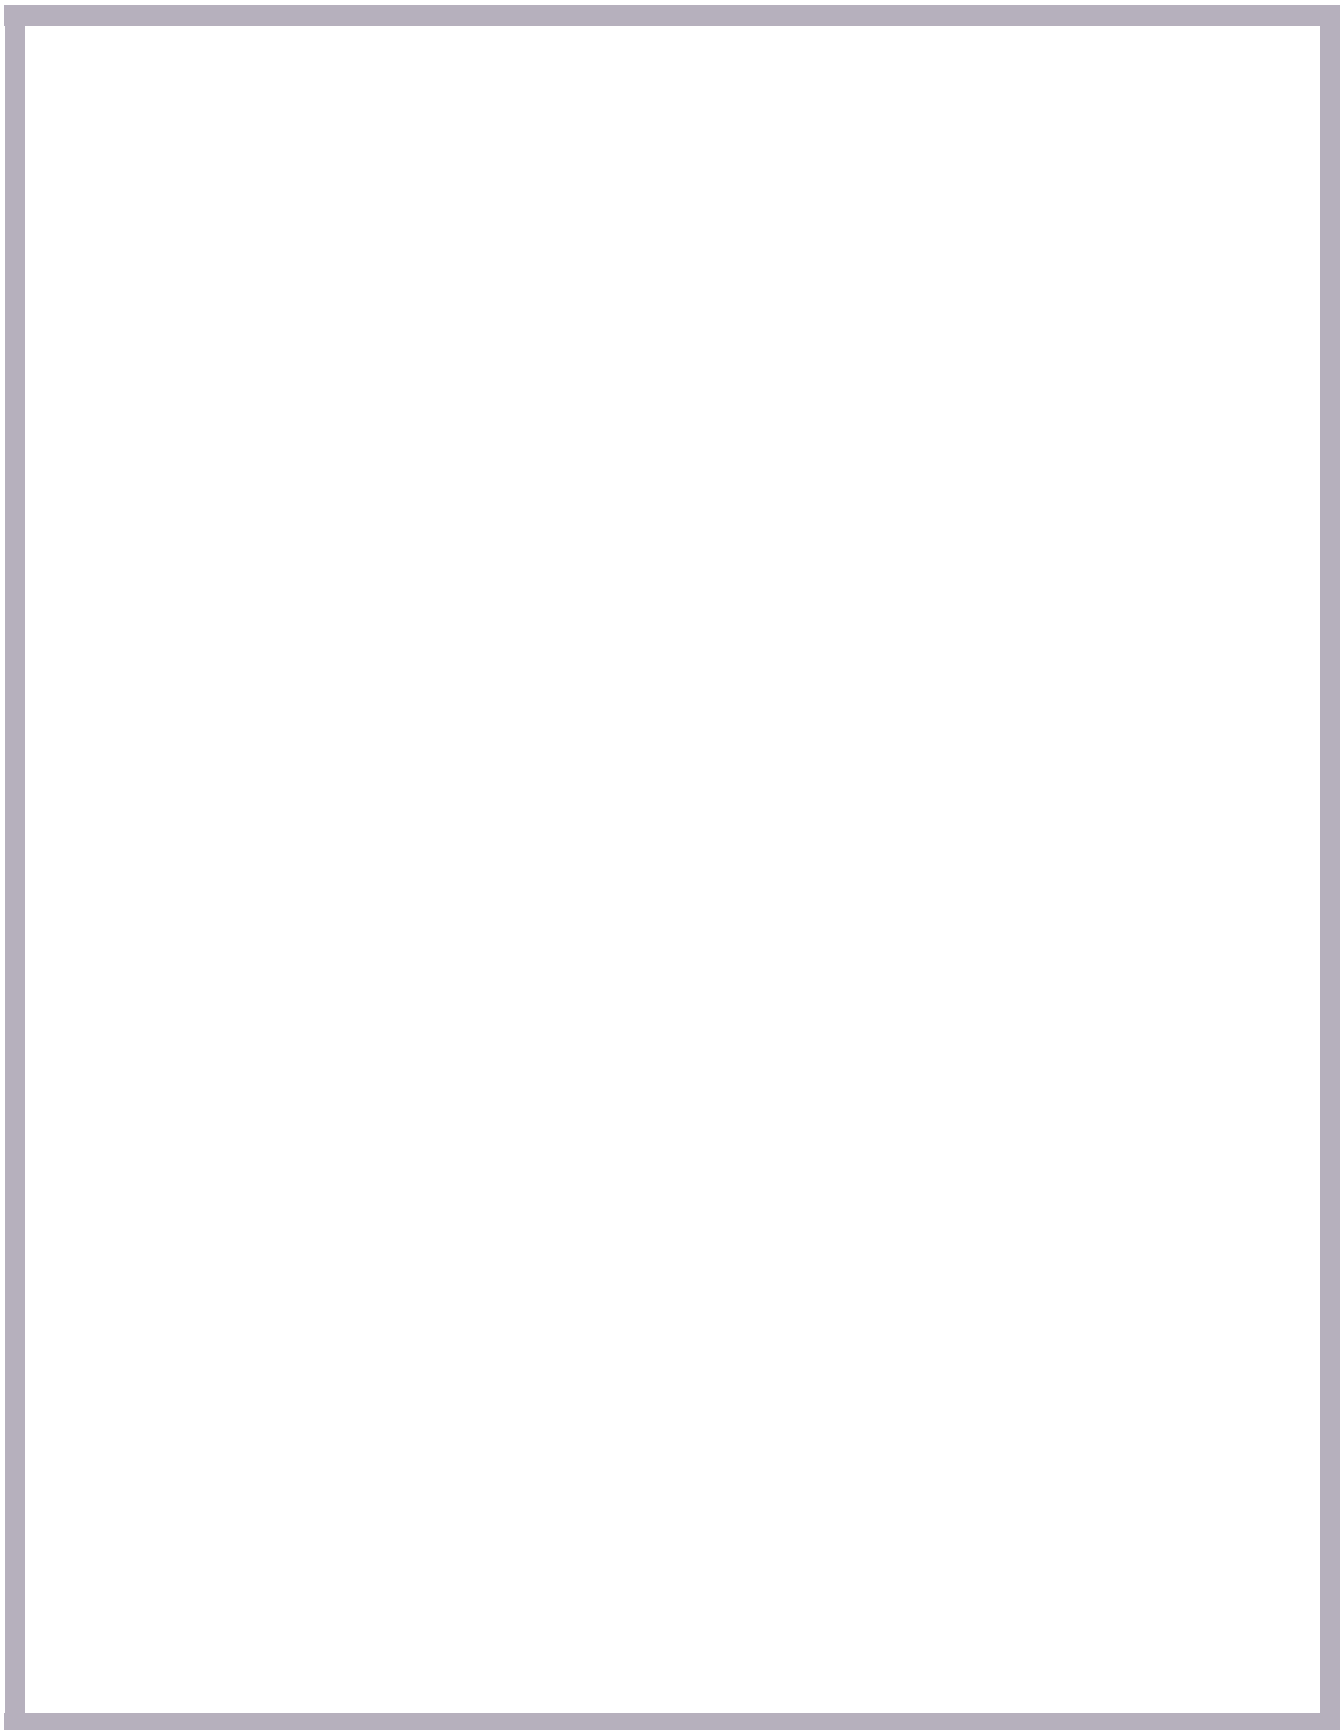

*This was Pastor Hector's first time in the U.S., and he was definitely impressed. At one point, he even considered staying, but of course, his wife and kids would not have been pleased with that idea.... He did, however, really enjoy the food!*

*Thank you all for your prayers for safety during our travels. We covered over 20,000 miles and spent a significant amount of time in tornado alley. Four tornadoes touched down while in the area, but thankfully we were not directly impacted by them. We are grateful for God's protection!*

**News from Lukiwe:** *Praise God with us that we were able to hire our social worker, Precious, in October! Meanwhile, Amy kept the work on the cottage moving forward while I was away. The*

*plumbing is finally finished, and we just have a few more finishing touches to complete before we can move in.*

*Thank you to Amy, Bethany, Ethan, and Charis for their patience with all the traveling this year, and thank you to all of you, our faithful friends and supporters! We could not do this without your faithful prayers and support.*

*ABOVE and BELOW: Pastor Hector and I met some great people from many different churches. There was also so much to see in Texas! My first time traveling in the state.*

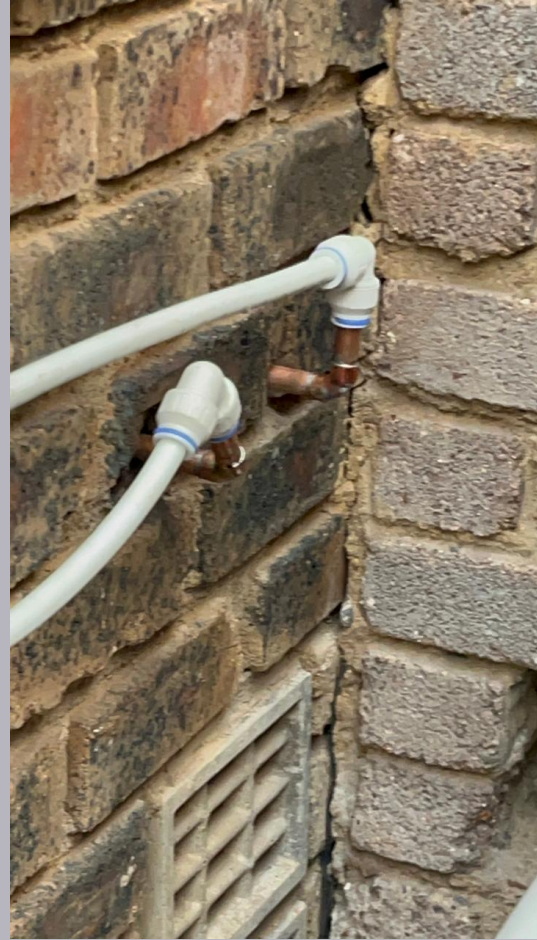

*ABOVE: There were many meals and Bible studies along the way, and we had a wonderful time visiting Palo Duro Canyon in Texas. Second only to the Grand Canyon in size.*

*On the top right is a picture of a neighborhood that was devastated by a tornado, which struck just a day before we drove through the area. We deeply appreciate your continued prayers for our safety!*

*Below: Work on the cottage (soon to be Lukiwe offices) continued even though I was away. Plumbers finished replacing all the old galvanised pipe in the house and started putting the bathroom back together. We are making progress!*
