**Success! Agriculture Training Program in Mubi, Nigeria.**

Check out this short update video from our team working with beneficiaries in northeast Nigeria. Our agriculture training program is designed to empower young people with the knowledge, skills, and tools they need to successfully cultivate their own crops, leading to sustenance for their families and business start-up capital for the future.

We are so grateful for the opportunity to serve these young people. Please pray for them as they prepare to graduate this month and transition into our aftercare program.

# ChildVoice

restoring the voices of children silenced by war

Founded in 2006, ChildVoice acts on the conviction that children broken by war can be restored in safe, therapeutic settings with loving care, spiritual and emotional counseling, and effective education and vocational training. This is accomplished through both community-based and center-based programs. Our ultimate goal is that every child will be equipped to reintegrate back into their community, being self-sufficient as they pursue their future goals in life.
